DETAILED ACTION

Specification

1. The disclosure is objected to because of the following informalities: The last page in the specification is missing. Appropriate correction is required.

Claim Objections

2. Claims 11-13 objected to because of the following informalities:

In claim 11, in line 2, the term "and" should be replaced by --,--.

In claim 12, in line 2, the word "compound" should be corrected.

In claim 12, in line 3, the term "and" should be replaced by --,--.

In claim 13, in line 3, the term "and" should be replaced by --,-- and the term "as well as" should be replaced by --,--. Appropriate correction is required.

Claim Rejections - 35 USC § 112

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

4. Claims 11-14 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

5. Claims 11-14 recite the limitations "formula (I) and formulas (II) to (IX)". It is not clear if these claims are dependent on claim 1 or not? There is insufficient antecedent basis for this limitation in the claims. Appropriate correction is required.

Allowable Subject Matter

6. Claims 1-10 and 15 are allowed because the prior art of record do not teach or disclose the limitations of these claims.

Conclusion

7 The references listed on from PTO-1449 have been reviewed by the examiner and are considered to be cumulative to or less material than the prior art references relied upon in the rejection above.
